COOPER JUNIOR ARMCHAIR

Design R&D Frigerio

Morbida alla vista e al tatto, generosa nei volumi, la poltrona Cooper Junior che riprende le caratteristiche della collezione omonima di divani è un invito ad abbandonarsi al relax. Un'estetica disinvolta nell'approccio che semplifica le forme e si definisce nello sviluppo geometrico dei morbidi volumi di seduta, schienale e braccioli. Con rivestimento in tessuto interamente sfoderabile o fisso in pelle, Cooper ha struttura in legno e seduta imbottita in poliuretano espanso indeformabile rivestito con trapuntino in piuma d'oca. La presenza della piuma rafforza l'innato carattere informale e accogliente di Cooper, la cui morbidezza si accentua anche con l'uso nel tempo.

Soft to the sight and to the touch, generous in its volumes, the armchair Cooper Junior picks up the features of the namesake sofa's collection, by inviting to a total relax. An informal aesthetical approach which simplifies the shapes and defines the geometrical progression of the soft seat, back and armrests volumes. With a fully removable cover in fabric or fixed in leather, Cooper has a wooden structure padded with non-deformable polyurethane covered with a goose down quilt. The goose down highlights the natural informal and welcoming presence of Cooper, thus softness will be more evident in time with the use.
